Subject: Gulfco Marine Maintenance Site- 104(e) Request for Information to
The Dow Chemical Company

Nan,

Please accept my apology for the delay in responding to your earlier email requesting an extension. Please be advised you are hereby granted an extension of time to respond to the 104(e) letter mailed by EPA in July 2003 to Dow Chemical requesting information relating to the Gulfco Marine Maintenance Site in Freeport, Texas. EPA will anticipate receiving your response no later than close of business on September 30, 2003. If you have further questions, please let me know.

Thank you for your cooperation in this matter.

Ladies, sorry to bother you both, but I have not received a response to my earlier e-mail. Barbara, you & I spoke briefly about this on the phone earlier this week and I believe you agreed to granting an extension. I understood I needed to send you a message so we could have a more formal record of the extension. Have I misunderstood what I need to do?

Thanks again!

Nan

> I am contacting you in reference to an Information Request served upon Dow's registered agent, CT Corporation, on July 10, 2003. I am a paralegal with Dow Chemical who works with a Dow Superfund attorney, Sandi VanWormer, who will be representing Dow on this matter. Sandi had a new baby girl on July 4th & will be out of the office on maternity leave until September 15th. I am writing you to request an extension of time to respond to the Information Request to September 30th, 2003, in order to allow Sandi time to work with me on our response. Is this extension acceptable to you?
